JAM Consulting LLC has been supporting the Indian Motorcycle community since 1999. We have a wide variety of new and used replacement parts for your Indian Motorcycle starting from 1999 to present. We offer our customers the best in parts both new and good used at fair prices. In addition to parts we offer a full line of service for your Indian Motorcycle including full bike restoration to minor and major service work. Engine and drive train rebuilding is our speciality. We can build engine from 100 CID to 114CID. We use top quality components. Custom case and cylinder head work and performance upgrades for all Indian Models. If you have any question or would like a price quote for any of our work, you can contact us by email to: [info@jamltd.com](mailto:info@jamltd.com) or call directly to (775) 722-3890.

Suspension parts
